

*Providing relief and support to persons with
disabilities affected by the
COVID 19 Lockdown*

A Report

Introduction

COVID 19 has brought unprecedented discomfort and woes in its wake, where the most vulnerable have been the most excluded, exploited and isolated. While we hear myriad stories of the migrants and people with comorbidities suffering during this lockdown, the one group that continues to remain invisible to all is people with disabilities – a population that cuts across all others regardless of gender, age, religion, geography or economic background.

The Indian Government on 24th March 2020 announced a 21 day lockdown to combat the spread of the coronavirus. With just a 4 hour notice the announcement caught everyone off guards with people struggling to prepare themselves for the lockdown. One group that was unable to prepare themselves was people with disabilities across India who had much larger needs and fewer resources. The wrath of the Covid19 ranged from loss of jobs, disruption in sources of income, eventually leading to dearth of basic essentials such as food and shelter and medicines Their other needs – access to attendants, to healthcare, inability to maintain physical distancing, lack on any information or updates- each typical to the individual need of a person, were also impacted.

National Centre for Promotion of Employment People (NCPEDP), India's leading cross disability advocacy organisation announced a helpline to provide support to people with disabilities impacted by the lockdown. The purpose of the helpline was three fold: to understand key issues faced by people with disabilities, to resolve the issues by liasoning with appropriate Government authorities directly or through our partners and providing direct relief and support wherever required. The last intervention was resultant of the many desperate calls we received from people directly or from organisations and institutions working with them and were most adversely impacted by the shortage of supplies during the lockdown. Through helplines operated by NCPEDP partners such as iCALL Psychosocial Helpline by TISS, helpline of Eyeway, an organization working for visually impaired people, and Whatsapp group called Heath NGO, distress calls continue to be regularly routed to the NCPEDP helpline and we are extremely grateful to our partner Mphasis who supported our endeavours in providing relief to this very vulnerable and marginalised group of people across 7 states of India.

State-wise Report

A. Geographical locations

S No.	State	Area/Districts
1	Chhattisgarh	Ambikapur, Saraguja
2	Delhi	Northwest Delhi - Mangolpuri, Sultanpuri, Sulaiman Nagar, Kinari
3	Karnataka	Yellapur, Uttara Kannada
4	Manipur	Sielmat village, Churachandpur and Noney District
5.	Madhya Pradesh	Ratlam, Khandwa*, Neemuch, Bhind, Burhanpur
6.	Maharashtra	Amravati
7.	Jharkhand	Patmada and Boram, East Singhbhum* and Saraikela
8.	Odisha	Khordha district

1. Chhattisgarh: Anamika Welfare Society, Ambalika

NCPEDP received an urgent SOS call from Anamika Welfare Society, Ambalika, District Saraguja in Chhattisgarh. The organisation runs two hostels for people with disabilities in the region and in the lockdown were stranded with no access to supplies of ration, food, soaps and detergents, sanitisers, sanitary pads etc. Given the increased chance of infection in a hostel the residents also had to be supplied masks and preventive materials. NCPEDP provided 65 relief kits comprising of rice, wheat, oil, spices, sugar, tea, potato, soap, dry food items to residents of the two hostels.

*Falls in the category of backward districts of India by Niti Ayog-<https://pmawards.gov.in/public/List-of-Backward-Districts.pdf>

2. Delhi : Viklang Sahara Samiti Delhi

Viklang Sahara Samiti Delhi works for the welfare and betterment of marginalized sections of society, particularly people with disabilities, living in JJ Colony of Delhi. These people were the most impacted by the lockdown as most of them were small vendors, running small businesses like tea stalls and cobbler shops etc. Others survived only on pensions, some of which were limited to those with an 80% disability. Direct fund transfers were also accessed by those that had Jan Dhan Accounts as also was free ration available to those with ration cards. A large number of people living in the JJ colony were unaware of the government benefits and schemes. NCPEDP collaborated with Viklang Sahara Samiti to provide ration kits to 37 families of persons with disabilities, daily wages worker, destitute families, widows and other needy people in the areas of Mangolpuri, Sultanpuri, Sulaiman Nagar, Kinari of Northwest Delhi.

3. Jharkhand: Jharkhand Viklang Manch

Our partners informed us that even 15 days after the lockdown, aid from neither the Central nor State Governments had reached the local people. The primary source of income for most of the people in the East Singhbhum and Saraikela district was production and selling of forest products, vegetables and fruits. The Covid19 lockdown disrupted the supply chain in the absence of all transport leaving the farmers with humongous amount of fruits and vegetables rotting in the fields. Through our partner – the Jharkhand Viklang Manch, we distributed relief kits comprising of items such as mustard oil, pulses, salt, sugar, tea, potato, onion, soaps, spices and other dry food items to 84 families of disabled people in East Singhbhum and 20 families of disabled people in Saraikela.

4. Karnataka : The Association of People with Disability

Siddis are descendants of African Negros, who were brought to India mainly by Arabs, the Portuguese and the Dutch and are found in Karnataka in Uttara Kannada, Dharwad and Belgaum districts, scattered in villages and interior forests, inaccessible to each other even occasionally. Largely landless their source of income is the minor forest products (honey, dalchinni, lavanga, tamarind, pepper, soft wax, etc.) they collect and sell, or through traditional crafts such as basket weaving, preparing bamboo chairs, cots, etc sold at dismal rates due to absence of market facilities. Some also work as daily wagers in the agriculture sector or the construction industry. All these are seasonal in nature and not sustainable, leading to borrow heavily at exorbitant interest rates from local money lenders.

Most of them lost their livelihoods due to the COVID 19. Significantly more impacted were the people with disabilities in the community. Living in forests accessibility was one the key concerns and they were unable to get any government support such as ration, health facilities etc due to lack of transportation facilities. During telephonic discussions with the community leaders we found that the district administration has not reached out to them and the people with disabilities in the community had no access to food and health facilities. NCPEDP collaborated with APD (The Association of People with Disabilities) to distribute 150 ration kits to the families of persons with disabilities in the Siddhi community.

5. Madhya Pradesh: Madhya Pradesh Viklang Manch

NCPEDP and MP Viklang Manch distributed relief kits to destitute people with disabilities in 5 districts of Madhya Pradesh - Ratlam, Khandwa, Neemuch, Bhind and Burhanpur. Inspired by our efforts, Government aided organizations of Khandwa and Ratlam districts also replicated the same with people with disabilities in their districts. People in these districts sustained themselves as daily wage earners finding partial employment under the MNREGA or running their small businesses in tailoring and Stitching (seasonal in nature), as vegetable vendors and sellers of household commodities in local markets etc. The lockdown impacted the very badly. In Khandwa a person, who had acquired partial disability at his workplace could fetch himself just one meal in the entire day. In Ratlam, 1-2 families of disabled people had not eaten for more than 2 days. The Central government ex-gratia of Rs 1000 had yet to be received by them and while state government had disbursed the pension of Rs1200 (Rs600 per month) for two months - March and April, recipients were unable to visit banks to withdraw the money in the lockdown. NCPEDP and Viklang Manch teamed up to deliver rations to 157 families.

6. Maharashtra- Through a local contact at Amravati

NCPEDP was contacted on its helpline by a person with visual impairment who requested help for a group of blind hawkers in Amravati. Post the lockdown, they were facing severe hardships to make their ends meet. Through a local contact at Amravati, NCPEDP collaborated with a ration shop and facilitated the delivery 12 ration kits to disabled people and their families. The ration kit comprised of rice, wheat, oil, spices, sugar, tea, potato, onion, soap, and dry food items.

7. Manipur - Disabled Development Association, Manipur and State Platform of Disabled People's Organisation (SPDPO) Manipur

In Manipur, the rules laid by Central Government are yet to be followed by the state and the districts. Disabled people have little access to employment – most of them are daily wage earners and were most affected by the Covid19 lockdown. The regular practice of dissemination of ration was stopped in some areas. NCPEDP collaborated with 2 local organizations- Disabled Development Association and State Platform of Disabled People's Organization and distributed relief kits consisting of rice, potato, pulses, salt, oil, spices, dry food items, soap, tea leaves to 75 families of disabled people in the area of Sielmat village, Churachandpur and Noney District.

8. Odisha – Swabhiman (State Disability Information And Resource Center)

The first case of a Covid19 among disabled people in Bhubaneswar was recorded on 02 Apr 2020. Amid the lockdown, our partner Swabhiman conducted a quick survey on the status of disabled people in Odisha since the beginning of the Coronavirus, and based on the status report, it proposed to extend assistance in Khordha district, Astaranga Block (near Puri) and Bhubaneswar slums. The proposed locations were the worst affected by COVID-19 areas in Odisha. These areas are economically and infrastructure wise devastated in 2019 FANI cyclone and have a huge population of disabled people. So poverty is a crucial issue in this region. NCPEDP in collaboration with Swabhiman distributed Ration and Sanitization kit to 100 families(433 individuals) of disabled people in the Khordha district. The kits consisted of Rice, Wheat, Pulses, Oil, Dry food items, Salt, spices, Bath Soap, Detergent Bar, Surf, Mask.

B. Project Outlay

S No.	State	Relief kits contents	Cost per kit	Number of Beneficiary Families	Total Cost in INR
1	Chhattisgarh	Rice, wheat, oil, spices, sugar, tea, potato, soap, dry food items	988	65	64220
2	Delhi	Wheat Flour, Rice, Oil, Salt, Condiment, Soup (2 varieties), Pulse, Sugar, Tea Leaf, Colgate	750	37	27750
3	Jharkhand East Singhbhum	Mustard Oil, Pulses, Salt, Sugar, Tea, Potato, Onion, Soaps, Spices, Dry food items	621	84	55164*
	Saraikela		700	20	14000
4	Karnataka	Rice, Atta, Sugar, Tea, Oil, Pulses, Rava, Salt, Soap, Toothpaste	749	150	112350
5.	Madhya Pradesh	Pulses, oil, tea, sugar, spices, soya bean, dry food items	500	157	78500
6.	Maharashtra	Oil, Pulses, Rice, Wheat, Salt, Sugar, Tea, Potato, Onion, Soaps, Spices, Dry food items	931	12	11172
7.	Manipur	Rice, potato, pulses, salt, oil, spices, dry food items, soap, tea leaves	903	75	67725
8.	Odisha	Rice, Wheat, Pulses, Oil, Dry food items, Salt, spices, Bath Soap, Detergent Bar, Surf, Mask	700	100	70000
	TOTAL			700	500881

*Distribution charges 3000 extra

While we see the lockdown come to an end in the next few days, the struggles and woes of people with disabilities will continue and perhaps worsen as we navigate ourselves through the pandemic induced 'new normal'. And NCPEDP is gearing up to be able to reach out to more people, with more services and through more partnerships as we look at efforts to rehabilitate and support the most vulnerable of all vulnerable groups – people with disabilities and their families. And we seek your continued support to help us achieve this goal.

Relief works for differently-abled persons continues

TNN Report Imphal
A part of the continuous distribution of relief materials and essential commodities by members of The Disabled Development Association Manipur (DDAM) under the supervision of State Platform Of Disabled Peoples Organisation's Manipur (SPDPO) as a helping hand to the differently-abled persons of different districts of the state who are facing hard time in meeting their daily needs for survival due to Covid-19 lockdown, members of SPDPO and DDAM have distributed relief materials and essential commodities to differently-abled persons of Noney District on Thursday.

sponsored by National Centre for Promotion of Employment for Disabled People (NCPEDP) Chairman Jaganjit after President of SPDPO Manipur Md. Yunus Khan reported the hardships and various inconveniences being faced in the hill areas. During the relief materials and essential commodities distribution visit in Noney District, Child Welfare Officer of Social Welfare Department L. Dhanoobro Singh took stock of the requirements of the particular group by personally meeting with the differently-abled persons. Ambassador of ICOWEMME (Incapacity Muzam who was also in the visitors team met with the differently-abled women and took note of the women related problems being faced by them. President of SPDPO Manipur Md. Yunus Khan said that it is a time we all get united and support the state government pro-active measures to win the fight against Covid-19 pandemic.

SPDPO, DDAM distribute relief materials to differently-abled persons

TNN Report Imphal
With the lockdown and curfew being imposed in the state to contain Covid-19 pandemic, the lives of many people have been affected in almost every aspect, especially the differently-abled persons. However, during this tough and sensitive time many differently-abled persons who have disabled certificates were left out from the Care Giver benefits which comes under the "Chief Minister's Inclusionary Janglong" scheme and many were found not having the disabled certificates, and this has led to live a life of struggle to meet their daily needs like those of able persons, said the president, SPDPO, Manipur Md. Yunus Khan. Yunus further said that such facilities which are not being made available to the differently-abled persons showed that District Social Welfare Officers of each district are lacking to proper awareness. Yunus was making the statement while distributing relief materials and essential commodities to the differently-abled persons residing at Thoubal Khunou under Wangkhon A.C in Thoubal District by SPDPO

and DDAM, on Sunday. Yunus said that intervention from the State Government and authority concerned is required at the earliest or else the benefits for the differently-abled persons will remain just for the name sake and voices of grievances by these differently-abled persons. "We have received information that many who are working in the field but disabled persons have remained silent after taking funds from the Ministry and some schools opened for disabled persons does not have any disabled students. Such unfortunate activities working for their own benefits in the name of disabled persons have led to the suspension of establishment of unaffiliated NGO's party in the state. SPDPO and DDAM will soon form a team to investigate and find out the ground reality at the earliest and let inform the Ministry through letter and their funds will be made to be put on hold" said Yunus. Yunus appealed those who are working for the welfare of the differently-abled persons not to take disabled persons as business like products instead to work together for the welfare, for their better future and urge the department concern to submit the real and legitimate report of the differently-abled persons. Yunus also said that since April 26, 2020, State Platform of Disabled Peoples Organisation Manipur (SPDPO), and the Disabled Development Association Manipur (DDAM) have been extending help by

Relief works for differently-abled persons continues

He said that DC and DSWO of each district should know that among the people who are having the hardest time during this Covid-19 lockdown are the differently-abled persons and their timely intervention is a must in such a hard time. Yunus sought the Social Welfare Minister to extend possible help to the differently-abled persons by finding out which NGOs or firms are currently working in the field for the welfare of the differently-abled persons at this hard time and set collective visions rather than arbitrary goal for unison. Yunus further sought the minister's help for the RPWD Act 2016.

SPDPO, DDAM distribute relief materials to differently-abled persons

distributing relief materials and essential commodities to the vulnerable differently-abled persons who are struggling to meet their daily essential needs due to the very Covid-19 lockdown and curfew impose in the state. The relief materials included rice, potatoes, pulses/ dal, salt, onions, cooking oil, turmeric powder, pepper, borax, body soap, surf/cloths washing powder, sugar and tea leaves, etc., he added. Yunus further said that distribution of relief materials and essential commodities will be continue after taking note of the lockdown and curfew relaxation and other initiatives that will be taken up by State Government. They are also planning to extend help to differently-abled persons who are living in Noney, Tamenglong, Chanchandpur and Pherzawl Districts, he added.

'PWDs suffer during lockdown'

By A Staff Reporter IMPHAL | May 2
State Platform of Disabled Peoples Organisation Manipur (SPDPO) has stated that it has come across persons with disabilities (PWDs) who are eligible to get 'care giver' cash under the Chief Minister's Janglong scheme but not possessing disabled certificates. The district social welfare officers (DSWOs) are unaware of these PWDs who are yet to receive the benefits, said a release issued by president of SPDPO, Md Yunus Khan. SPDPO urges the state government to take necessary steps to enlighten the DSWOs, it stated. The organisation will urge the ministry concerned to stop funding non-governmental organisations which are taking their own benefits in the name of development work for persons with disabilities (PWDs), it said. Several PWDs are suffering during the lockdown, it stated. The PWDs who are also daily wages earners are affected the most, the release stated. But some NGOs are running PWD schools improperly and taking huge amount of funds from the ministry concerned, it alleged. Due to such activities of these NGOs which exist in name only, various PWDs are unable to get the benefits which are exclusively provided for them. It warned that SPDPO will file a complaint at the ministry concerned to find out such NGOs which are using PWDs as a means to make their own benefits, and cease any form of funding. Meanwhile, SPDPO and Disabled Development Association Manipur (DDAM) has been donating relief materials to the needy PWDs since April 20 at various parts of the state during lockdown the release stated. The joint body donated relief material including rice, potatoes, salt, dal and others to the needy PWDs of Thoubal Khunou Wangkhon assembly constituency, it said. The joint body will further donate relief material to the PWDs of Tenglong, Chanchandpur, Noney and Pherzawl districts in the day to come, it added.

157 जरूरतमंद दिव्यांगों को बांटी राशन सामग्री

अस, खंडवा। एनसीपीईडीपी नई दिल्ली एवं श्री राज्य सई सेवा समिति खंडवा, मध्य प्रदेश विकलांग मंच जिला खंडवा द्वारा खंडवा जिले के सभी ब्लॉकों में निम्नलिखित दिव्यांग जनों को वीथी/कम्युनिटी कोविड 19 के कारण जो रसकड्डाउन लगाया गया है। इस घुसैना के समय में जरूरत मंद दिव्यांग जनों को उनकी सामग्री पुरी है। धरुने ने कहा कि किरान सामग्री नई है। जिस पर राष्ट्रीय राशन अर्न्त मालकार ने उर्दे मदद करने का प्रयास करते हुए उनके गेबे जाकर खमारी वितरण करने का कार्य किया। यह खमारी एनसीपीईडीपी नई दिल्ली एवं श्री राज्य सई सेवा समिति खंडवा के सहयोग से प्राप्त हुई। जिसे मध्य प्रदेश विकलांग मंच जिला खंडवा राशन के अर्न्त मालकार, जिला अध्यक्ष अरुणोत्तर पुरी, मनोज पाले, विधायक राठी, धर्मेन्द्र मालकार, सुरेश राठौर, रविन्द्र चौधन केरल सेवक धाम, विनोद सोबरी, मधु गौर, प्रेमन पावल, सुधास सेन, सुरेश मण्डे, अमोल पटेल, राजक खान, अशोक मालकार आदि सहयोगी द्वारा यह सेवा कार्य किया गया।
